

Sultanbeyli Municipality – Istanbul (Turkey)

Municipality continues to carry out its disinfection activities against the COVID-19

The municipality has disinfected 9 district bazaars, 78 avenues, 13 streets, 450 garbage containers, 51 public service buildings, 15 muhtars' offices, 56 parks, 114 places of worship, 28 health institutions, 70 pharmacies, 143 public transportation vehicles and 25 service bus until now.

To prevent the spread of the virus in marketplaces, disinfectants and sanitizer dispensers have been placed at the entrance of district bazaars.

People were delivered masks and informed about what they need to do to protect themselves and their families. Also, a social distancing must be kept at the bazaars from at least 3 meters away.
